Dear Ladies and Gentlemen,

The European Commission, in partnership with the Bulgarian Ministry of Energy and the UN Environment Finance Initiative (UNEFI), will host an event on financing energy efficiency in Central and South-Eastern Europe. The event will take place in Sofia on Thursday, 28 June 2018, and is organised in the framework of the Bulgarian Presidency of the Council of the European Union. It will be held before the High-Level Ministerial Event of the Central and South-Eastern European Energy Connectivity (CESEC) in Sofia.

An outline agenda is available here, please book the date in your agendas and register to attend.

The event will be an opportunity to:

- Present and discuss EU energy efficiency policy and different ways to finance energy efficiency investments.
- Engage policymakers and stakeholders in an informed discussion on ways to upscale energy efficiency investments.
- Present opportunities for unlocking the potential for energy efficiency in Bulgaria and Central and South-Eastern Europe.
- Share best practice on how to reach out to and engage industry and SMEs in thinking about energy efficiency.

Translation will be available in Bulgarian and English.

The event is organised in the framework of the Sustainable Energy Investment Forums contract funded by the European Union. For further background information on the initiative, please visit the Sustainable Energy Investment Forums webpage.

Yours faithfully,

The Sustainable Energy Investment Forums Team
This event is organised as part of the Sustainable Energy Investment Forums contract, funded under the EU Horizon 2020 programme.
